Digits Marketer

MILESTONE

Pre Digits Marketer

Embarking from Cairo, Egypt, Tamer Bader-Eldin graduated from the Faculty of Engineering - Communication & Electronics in the 90's. He furthered his expertise by pursuing an MBA in Marketing Specialization at Leicester University in 2006. With a career primarily focused on healthcare, specializing in service, sales, and marketing of medical products and equipment

2018

In 2018, a turning point emerged when friends sought our help to run ads for their green energy business. This marked the founder's complete shift in mindset towards the digital space. With a background in marketing and sales, Digits Marketer was born, fueled by the founder's determination to utilize the digital realm for business growth.

2021

In 2021, a colleague formed a digital marketing community, rallying older individuals. We experimented with different businesses, addressing a specific niche challenge for a relative. Through strategic brainstorming, we developed a new brand message, name, and slogan that resonated with the gap we identified. Implementing this new image led to remarkable success for the business.

MILESTONE

2022

Prior to the inception of Chat GPT, we embraced AI in various capacities. This shift marked a crucial change in our strategy, enabling us to offer highly specialized and professional services at affordable rates, thereby reducing costs for our clients.

2023

An exciting opportunity emerged as we partnered with SAE (School of Architecture in Egypt). Collaborating with architects granted us a distinct advantage, fostering a more disciplined approach across all digital marketing platforms. This experience significantly enriched our expertise and strategies.

Q4, 2023

In Q4 2023 and beyond, attending trade shows and medical exhibitions became a key avenue for us. These platforms offered opportunities to engage with professionals from diverse industries, significantly boosting our exposure and solidifying our position. The collective experiences garnered from these interactions were instrumental in enhancing the quality of service we deliver to our clients.

THE PROCESS

1. Understanding Business Objectives

Initiate discussions to comprehend the client's goals, target audience, and overarching business objectives.

2. Analysis and Audit:

Conduct an in-depth analysis of the client's current digital presence, including their website, social media platforms, content strategy, and performance metrics. This audit helps identify strengths, weaknesses, opportunities, and threats (SWOT analysis).

3. Strategy Development:

Craft a customized digital marketing strategy aligned with the client's objectives. This may involve outlining SEO strategies, PPC campaigns, content plans, social media strategies, and other relevant tactics.

4. Goal Setting:

Define clear, measurable, and achievable goals for the client's digital marketing efforts. Establish key performance indicators (KPIs) to track progress and success.

5. Resource Allocation:

Allocate resources, both human and technological, required to execute the digital marketing strategy effectively. This may include assigning dedicated team members, implementing necessary tools, and setting budgets.

THE PROCESS

6. Implementation:

Initiate the execution of the agreed-upon strategies, including website optimization, content creation, ad campaigns, social media posting, and other planned activities.

7. Monitoring and Analytics:

Continuously monitor the performance of implemented strategies using analytics tools. Regularly review data and metrics to assess performance against the established KPIs.

8. Optimization and Adjustments:

Based on performance insights, optimize campaigns, content, and strategies as needed. This iterative process aims to improve results and achieve better outcomes.

9. Regular Reporting and Communication:

Provide regular updates and reports to the client showcasing progress, key milestones achieved, and areas for improvement. Maintain open communication channels for feedback and discussions.

10. Ongoing Support and Growth:

Offer ongoing support, guidance, and recommendations to help the client's business grow in the digital space. Keep abreast of industry trends and technological advancements to adapt strategies accordingly.

The onboarding process varies based on the required approach and the unique requirements of each client but typically revolves around these fundamental steps.

OUR GOALS

We're dedicated to enhancing your online visibility, fostering brand awareness, and driving meaningful engagement.
